Skills:

Frontend

- React Js., Next Js, Typescript, JavaScript
- CSS3, SCSS, Bootstrap, Tailwind
- HTML5, JSON
- Responsive cross platform design
- Vite, npm, node
- WordPress

Backend

- Node Js, Express, Mango DB
- SQL, NoSQL
- RESTful API design and integration
- C#, .Net (Beginner)

Tools & Technical Proficiencies

- Postman
- Agile (Scrum, Kanban)
- JIRA & Confluence, Figma
- Unit testing, Jest
- Version control with Git & GitHub
- Test-Driven Development (TDD)
- Google Maps API

Soft skills

- Adaptability
- Quick learner
- Written & Verbal Communication
- Critical thinking & Problem solving
- Teamwork

Language skills

- German: C1
- English: Fluent
- Persian: Mother tongue language

Volunteering

- We Are Developers 2024, Berlin Speaker/Stage support
- Supported Kids with cancer

Ata Hakkak

SUMMERY

Full Stack Developer with experience in developing dynamic web applications using React.js, TypeScript, Node.js, and MongoDB. Demonstrated ability to improve website performance by 30%, and proficient in REST API integration, unit testing, and agile development. Seeking to leverage my expertise in creating scalable, user-friendly solutions and advancing my career in software development.

EXPERIENCE

Full Stack Developer   May.2024 – present

Freelance – Mannheim, Germany

- Developed and optimized websites, focusing on React.js, TypeScript, JavaScript and Wordpress, showcased on my Website

Full Stack Developer   May.2024 – Aug.2024

DigiCode Solutions Inc. - Toronto (Hourly - Remote)

- **Optimized website performance** by **30%** through refactoring code and implementing best practices for front-end performance, reducing load time by 40%
- **Developed 20 atomic and 8 complex components** using **React.js** and **Node.js**, ensuring modular and maintainable code
- **Collaborated with cross-functional teams** using **Agile** methodologies (Scrum) to meet project deadlines
- **Converted Figma designs into responsive web pages** with React and CSS, ensuring pixel-perfect alignment and mobile responsiveness

Team lead and Instructor   May.2018 – Jan.2023

Damour Institute

- **Led a team** of 5+ instructors, developing leadership, project management, and collaboration skills, essential in Agile software development environments.
- **Designed structured curricula** for students of all skill levels, a process similar to breaking down complex software development tasks into manageable components in full-stack projects.
- **Fostered a culture of continuous learning** and improvement, skills which I now apply in rapidly learning new technologies and frameworks like React, Node.js, etc.

Instructor   June.2011– Mar.2022

Veda Institute / Private lessons

- Planned flexible syllabus according to each student's abilities.
- Led many educational concerts for students with a variety of skills.

EDUCATION

Full Stack Web & App Development - Bootcamp   Dec.2023 – Apr.2024

WBS-Coding School, Berlin (Full-time, Team-oriented, Agile)

- Project-based course covering React.js, CSS, JavaScript and Mongo DB, also security protocols, database management, and API integration (REST).
- Final project: developed Private Parking Spot Sharing application, implemented robust security measures using JWT,   features such as user authentication.
- Integrated GoogleMaps API, built and maintained **RESTful APIs** using **Node.js** and **Express**, integrated with **MongoDB**.

M.A. in Music   Sep.2011 – Jul.2014

University of Tehran, Faculty of fine Arts

- Master Thesis – Importance of Original transcripts and authentic performance of Mozart's music.
